Deliver your Hope
and show your love

In Cambodia, about **30,800** women suffer from AIDS/HIV and live in poor health conditions with limited economic opportunities.

Every HOPE bag is **hand-woven** with the many hopes of the AIDS/HIV positive women in Cambodia for a better life.

Strong and resilient, HOPE signifies the **strong will-power and perseverance** of the AIDS/HIV infected Cambodian women.

Proceeds from this HOPE bag will be donated to UNIFEM's "Cambodian Community of Women Living with HIV/AIDS (CCW)", where it represents the women's voice in Cambodia's response to the HIV/AIDS pandemic.

For every HOPE bag purchased with a MasterCard card, MasterCard will contribute \$52 in support of UNIFEM's "Cambodian Community of Women Living with HIV/AIDS".
